TO: Parents of children medically required to carry at all times epi pens, inhalers or other emergency medication and to self-administer such medication:

RE: State of Maine law regulating carrying and self administering emergency medications by children

These forms are <u>not</u> necessary for those campers who are <u>not</u> medically required to carry at all times and to self-administer emergency medications (such as epi pens and inhalers). As always our health staff will provide regular supervision of prescription medications and all medical needs for campers.

The State of Maine has passed a law that affects all campers who are medically required to carry at all times and to self-administer emergency medication while at camp. These are campers who have been diagnosed to be at risk for a potential medical crisis such as asthmatic attacks or allergic reactions. The medications include, but are not limited to, **an asthma inhaler or an epinephrine** (**epi) pen.** The law establishes procedures that camps must follow to permit camper to carry and self-administer emergency medications.

To comply with this Law, all Maine camps are required to have a <u>written</u> policy providing that campers may carry and self-administer emergency medications provided the following conditions are met.

A. Any camper who needs to carry and self-administers emergency medication must have the prior <u>written approval</u> of the <u>camper's primary health care provider</u> and the <u>camper's parent or guardian</u>;

B. The camper's parent or guardian must submit <u>written verification</u> to the camp from the <u>camper's primary health care provider</u> confirming that the camper has the knowledge and the skills to safely self-administer the emergency medication in camp;

C. The <u>camp health staff must evaluate</u> the camper's technique when they arrive at camp to ensure proper and effective use of the emergency medication in camp.

If you want your camper to be able to carry and self-administer, you <u>and</u> your camper's primary health care provider **must provide written approval.** There are two forms provided on our website at www.xxx.xxxx. com. If you prefer hard copies, please call 207-xxx-xxxx.

All forms should be submitted by XXXX

Thank you in advance for helping us comply with this new law. As always, please call with any questions or concerns.
